SUBJECT White House Communications Agency (WHCA) Proposal

TO National Intelligence Officer for Warning

1. (S) The Air Force Intelligence Agency (AFIA) has reviewed your 25 March 1988 memorandum, Proposed WHCA Support for NOIWON Upgrade (C). We strongly support any effort to improve the quality and reliability of this critical communications system.
2. (S) HQ USAF/SCM is managing our conversion to the KY-78-based system, with installation to be performed by the USAF 7th Communications Group.
3. (S) The WHCA proposal fully meets our requirements, and we recommend it be pursued. The weaknesses of the current system in reliability and signal quality should be corrected as soon as feasible. The additional requirements for conference taping and speakerphone are not necessary for our purposes at this time.

A handwritten signature in black ink, appearing to read "E. H. Parrott, Jr.", is written over the typed name and title.

EVAN H. PARROTT, JR, Colonel USAF
Commander
